applying critical sociological theory this book explores the shortcomings of popular tactics in animal liberation efforts building a case for a scientifically grounded grassroots approach it is argued that professionalized advocacy that works in the service of theistic capitalist patriarchal institutions will find difficulty achieving success

human rights ethics makes an important contribution to contemporary philosophical and political debates concerning

the advancement of global justice and human rights butler s book also lays claim to a significant place in both normative ethics and human rights studies in as much as it seeks to vindicate a universalistic rational approach to human rights ethics butler s innovative approach is not based on murky claims to natural rights that supposedly hold wherever human beings exist nor does it succumb to the traditional problems of justification associated with utilitarianism kantianism and other procedural approaches to human rights studies instead butler proposes a dialectical justification of human rights by indirect proof that claims not to be question begging very much in the spirit of hegel and habermas butler proposes to vindicate a totally rational account of human rights but one that depends concretely and historically on a dialectically constructed right to freedom of thought in its universal modes

teaching as decision making successful practices for the elementary teacher second edition provides comprehensive coverage of the major themes issues concepts and skill areas involved in planning implementing and evaluating instruction

for frederick the great the prescription for warfare was simple kurz und vives short and lively wars that relied upon swift powerful and decisive military operations robert citino takes us on a dramatic march through prussian and german military history to show how that primal theme played out time and time again citino focuses on operational warfare to demonstrate continuity in german military campaigns from the time of elector frederick wilhelm and his great sleigh drive against the swedes to the age of adolf hitler and the blitzkrieg to the gates of moscow along the way he underscores the role played by the prussian army in elevating a small vulnerable state to the ranks of the european powers describes how nineteenth century victories over austria and france made the german army the most respected in europe and reviews the lessons learned from the trenches of world war i

a fascinating account from the military s perspective of the historically tense and at times outright antagonistic relations between senior military leaders and american presidents and their advisors closely examines and grades the impact of presidential styles on the military s view of the president

rules about sexuality written and unwritten have existed in every culture as have disagreements over what is and isn t acceptable must morally permissible sex have only one function must it be heterosexual must it occur within the confines of the institution of marriage must it be accompanied by requisite emotions such as love and intimacy
